**EXPERIENCE THE
POWER OF RED**

You've come to the right place.

Hello. I'm Rick Roehl.

Roehl Transport is built on strong values—like safety, integrity, and mutual support and teamwork. We value your success and are here to help you meet your professional and personal goals.

My dad started this company with a single truck in 1962. I grew up in this business—from washing trucks and trailers to jockeying loads around the yard to changing oil and turning wrenches. I was a company driver before leasing my own trucks, and I focused my education on accounting.

Today, as the CEO of one of the largest trucking companies in America, I lead over 2,500 teammates as we deliver “confidence and satisfaction.”

Welcome to **TeamRoehl**.

The values we as a company, and each of us as individual members of TeamRoehl, hold dear.

You'll get training and growth opportunities.

As part of TeamRoehl, you'll enjoy a diverse work environment that is both interesting and challenging and provides many opportunities along your career path.

Our training and resources allow you to be your best and help you pursue your career objectives.

- **Competitive Wages**—Pay for experience.
- **Comprehensive & Affordable Employment Package**—From our health, dental, disability and life insurance to an outstanding 401k savings and profit-sharing program, Roehl benefits help save you money, protect your family and provide income for your retirement.
- **Superior Training**—Advance your skills with our diverse training opportunities.
- **Advancement Opportunities**—We value our employees. Our promotion from within policy and tuition reimbursement offers you the opportunity to stay and grow your career with Roehl.
- **Stability**—Family owned and operated with over 50 years of experience and growth.
- **Our Corporate Culture**—As a member of **TeamRoehl**, take part in team-building company events and be recognized for outstanding performance and safe work.

You have many career options.

We have positions that suit your skills and career goals. Some examples include:

Operations—Over 2,000 of our teammates are professional truck drivers. Fleet Managers are their most important connection for enabling Driver Success, while Customer Service Reps plan their loads and work with customers to meet their needs.

Workforce Development—Driver Employment Specialists and Assistants add new driving teammates that help grow our company.

Information Technology—Leveraging own applications as well as leading edge systems and programs, our Software Developers, Business Analysts and Database Engineers facilitate our business through on-going enhancements and special projects.

Explore our jobs and find one that will stimulate, challenge and reward you. Become a member of **TeamRoehl**—apply today at www.Roehl.Jobs
