“Kevin is a great trainer and a **great fit for female trainees**. He is very respectful and has great rules in plan for having women trainees.” Cyrstal C.

“As a **woman**, I wanted to find the **safest** company to work for. I came across online reviews and videos of **female truckers** who worked for Roehl and they were all **positive**.” Anani P.

“My favorite part about working for Roehl transport is that safety is held to a high standard. I am the second person, and **first woman** in my family to pursue a career in this industry. **Safety** is something I prioritize. I had an excellent instructor who instilled these **safety values** in me.” Marlie P.

“Mohammad was EXTREMELY kind and generous. As a **woman**, I felt **safe** and **respected**. He talked me through every step of his job. Made sure I felt **comfortable** to ask for my basic needs, such as food stops, bathroom breaks and showers.” Crystal F.

“Angie was the best!! Communication with her was great. As a **female** trainee, she made sure I had all the **resources** and **contacts** I needed for my **safety**. She went above and beyond to ensure my success in this phase!” Celina J.

“I like that they care about my **safety**. I appreciate that as a **female**, I can ask for help without being ridiculed. I am not constantly harassed for not knowing or not being able to do something.” Sherrie H.

“Donovan’s the best. He strives to help you build confidence and to understand the “why” behind each maneuver. I honestly don't think I would have completed the program successfully without his help. I'd also like to acknowledge Dan, Wade, Dennis, Archie and Jeremy for all their encouragement and help. If these men have taught me anything, it's that **men cheer for women just as loudly as women do**.” Haydee S.
